Sunday, April 26, 2020

Indiana State USBC – 2020 Annual Meeting Weekend / 2020 Indiana State Jamboree Cancelled due to Covid-19

On Saturday, April 25, 2020, the Indiana State USBC Board of Directors approved a special resolution to cancel the 2020 Annual Meeting Weekend that was scheduled for June 19-21, 2020 at the Indianapolis Crowne Plaza Airport in Indianapolis due to the Covid 19 pandemic. This includes the Annual Golf Scramble Scholarship Fundraiser, Saturday night Recognition Event (including the Hall of Fame Ceremony), Youth Jr Gold Qualifying Event and Sunday's Annual Meeting. These events will be rescheduled to take place next year in Indianapolis. Date, time and location will be announced as soon as possible.

We are deeply saddened to postpone the Hall of Fame Induction Ceremony for Cindy Adams, Corky Koch, Michael Kubacki, Steve Lang, Rick Schultz and Mark Sullivan. The induction ceremony for these new Indiana State USBC Hall of Fame members will take place next year during the scheduled Annual Meeting weekend. The Indiana State USBC again extends their congratulations to these well deserving members.

In alignment with USBC recommendations for cancelled/postponed Annual Meetings, all elections and legislation scheduled for this year's (cancelled) Annual Meeting will carry over and be presented at the next Annual Meeting allowing the Indiana State Annual Meeting Delegates to have the ability to act accordingly per the Indiana State USBC bylaws.

Furthermore, recognizing the continued uncertainty around large group events for the near and extended time frame, the Indiana State USBC has also approved the cancellation of the 2020 Indiana State USBC Jamboree that was scheduled for August 2020. The 2021 Indiana State USBC Jamboree will be held in District 3 with the scheduled date to be announced when available.

The Indiana State USBC extends our appreciation and thanks to all of our members for your understanding and support during this unprecedented time while we all manage this serious COVID 19 pandemic. Please continue to stay safe and healthy!
