Tournament Notes:

A Classic division was added to the tournament in 2009 with division breaks as follows: Classic – (191 & above), Div. 1 (151 to 190) and Div. 2 (150 & below). Due to a lack of entries in the Classic Division, this division was eliminated and classifications returned to Div. 1 for 151 average and above and Div. 2 for 150 average and below which were used between 1988 and 2008. From 1979 to 1987, classifications were 146 average and above for Class A and 145 average and below for Class B. Preceding that, a 141-140 division break was in effect from 1968 to 1978.

Handicap was changed to 90% of 220 beginning with the 2006 tournament; 90% of a 210 base was used for the tournament from 2002 to 2005. An 80% of 200 handicap figure was used from 1980 to 200, and prior to that time the figure used was 70% of 200.

The 4-player team event and 12-game handicap events were added in 2002. Due to lack of participation, the 12-game handicap event was eliminated in 2004. Optional scratch prize funds for each event in each division were added in 2005 – only those who pay the optional fees are eligible for prizes. Effective with the 2010 tournament, divisions were eliminated from the scratch events.

Tournament "300" Games

Christine Svilar, Double "I" – Indianapolis 1993
